STATE BOARD OF EDUCATION

Regents of the Montana University System, ex officio

The State Board of Education consists of eleven members including the Governor, the State Superintendent of Public Instruction and the Attorney General as members, ex-officio. The Governor appoints, by and with the consent of the Senate, the remaining eight members. These appointments must provide for equal representation between the first and second congressional districts and must assure that no more than four members are from the same political party or organization. The term of office for appointed members is eight years.

Acting on recommendations of the State Superintendent, the Board establishes standards for the accreditation of elementary and secondary schools and adopts rules and regulations for the issuance of teachers' certificates as prescribed by law. The control and supervision of the Montana University System, the Division of Vocational Rehabilitation, and the Montana State School for the Deaf and Blind are vested in this Board. In addition, the Board approves certain scholarships provided for by law. The Board also serves as the State Board for Vocational Education, with the State Superintendent as executive officer.

The State Board of Education serves ex officio as Regents of the Montana University System. The executive secretary of the Montana University System is secretary of the Board as Regents.

Members

- Governor Forrest H. Anderson (ex officio) President
- Superintendent Dolores Colburg (ex officio) Secretary
- Attorney General Robert L. Woodahl (ex officio) Legal Counsel
- M. E. Richard, Broadus Stage, Miles City 59301 Term expires Feb. 1, 1972

DIRECTORY GUIDE TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS

On the following pages, Montana counties are listed alphabetically and under each county the elementary school districts located in the county are listed in numerical sequence. The high school districts are listed in conjunction with the elementary district in which the high school is located. County high schools are listed immediately following the elementary districts in which they are located.

The information for each school district is divided into four parts: (1) school district data; (2) school administrator and school telephone; (3) school name and address and (4) number of professional staff and pupils as of October 1, 1971.

The first column, **School District Data**, lists the school district number, the state office identification code, the classification of the elementary school district, the district's post office address, and the chairman's name and address. The school district number appears in bold type and is followed by a 4-digit number assigned by the Superintendent of Public Instruction. This identification number is for reference use by staff members and for computer programs of the Office of the Superintendent of Public Instruction. The district classification appears in the parentheses. The community shown under the school district number is the post office address for all mailing purposes in the district unless some other post office address is indicated under an individual listing. The person named in this column is always the chairman of the board of trustees.

When an elementary district and a high school district operate an accredited junior high school, the "Junior High School" identification will appear in the first column.

Joint school districts are identified in the first column by listing the counties involved in the district and the county of the school's location.

The second column, **School Administrator and School Telephone**, lists the name of the school administrator and the school telephone number of the administrator. The "Superintendent" is the administrator of the school district listed in the first column. The "Principal" or "Supervising Teacher" is the administrator of the school listed in the third column. If a school district does not have an administrator, only the telephone number of the school is shown.

The third column, **School Name and Address**, identifies each operating school in the school district and the address of the school.

The fourth column, **Professional Staff and Pupils**, lists as of October 1, 1971 the total staff members (teachers, principals, superintendents, librarians, counselors, instructional supervisory staff, administrative assistants and persons providing auxiliary services such as transportation supervisors, school lunch directors, school psychologists) and pupils for each school listed in column three. The numbers listed opposite the boldface "Totals" are the total number of professional staff and pupils in each school district. The "Personnel serving multiple schools" listing is the total of professional staff members serving more than one school in a district. A school noted as "Non-Operating" is one that is closed during the 1971-72 school year.

An alphabetical index in the back of the directory lists all Montana school districts including mailing addresses, counties and the page number for directory listing.

STATE-ACCREDITED SECONDARY SCHOOLS
NOT OPERATED BY PUBLIC SCHOOL DISTRICTS

The following secondary schools applied for State accreditation in 1971-72 and currently are accredited. A number of other schools, including elementary schools, are operated in Montana; absence from this listing does not imply lack of eligibility for accreditation.

CODE	PRIVATE SCHOOLS	Oct. 1, 1971
